

## **LKCE Techno Club**

LKCE Techno Club has been established since 2019 for promoting the creative interests of the students from School of Engineering at Lyallpur Khalsa College Technical Campus, Jalandhar.

### **Vision of The Club**

To ascertain and promote the intrinsic creativity among the students and provide them a platform for the participation at national/international level.

### **Objectives of the Club**

<b>S. No.</b>	<b>Objectives</b>
1.	To provide financial assistance to the student members, those who are talented and willing to participate in out-campus events but due to lack to funds are unable to do the same.
2.	To bear the travelling expenses and registration fee for encouraging the participation of students in out-campus events.
3.	For providing awards during the annual Tech-Fest to attract more students for participation all across the nation.
4.	To support the students for participation in PTU zonal and interzonal youth fest that is scheduled annually by the university

### **Annual Activities Planned by the Club**

- Student Induction Programme
- Freshers Party
- Farewell Party
- Annual Tech Fest
